- Claims 20-22, 24 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method that includes the step of attaching a die to a leadframe, wherein the die is attached to a bottom surface of the leadframe such that a surface of the die is coplanar with gate leads and source leads belonging to the leadframe, combined with the step of attaching a stiffener to a top surface of the leadframe, wherein the stiffener is electrically isolated from the leadframe.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
